

# ENVIRONMENTAL POLICY STATEMENT

Miles Partitioning Industries Limited are an established and successful company that specialize in the design, fit-out and refurbishment in the built environment. Activities include the contract management of wall drylining, suspended ceilings, second-fit joinery, screeding, plastering and rendering. We deliver high quality contracts from concept to completion for blue chip clients in the retail, office, hospitality & leisure, industrial, technology and public sectors.

This environmental policy establishes our commitments to environment protection and to the prevention of pollution, and to take action to:-

- ✓ Limit resource use and reduce waste.
- ✓ Eliminate or reduce pollution and loss of habitat.
- ✓ Avoid or reduce direct and indirect effects on the public and local community from our operations and activities.
- ✓ At least comply with our compliance obligations including for legal and the requirements of interested parties.
- ✓ Continually improve our performance

To ensure compliance, we shall implement, maintain and continually improve an environmental management system within the operation of our business. We will:-

- ✓ Understand our environmental risks and opportunities and establish and implement plans to control them.
- ✓ Understand and deliver our compliance obligations, including the requirements of the law and the needs and expectations of other interested parties.
- ✓
- ✓ Plan our work to reduce environmental impacts and promote sustainability.
- ✓ Specify and procure materials taking into consideration a life-cycle approach.
- ✓ Act as a Considerate Contractor.
- ✓ Manage our controlled sites and own premises in line with good environmental practice.
- ✓ Provide all employees with the resources, information and training available to fulfil their requirements for the implementation of this environmental policy.
- ✓ Plan for emergency situations and ensure that if they occur we can control them.
- ✓ Monitor our activities on site to ensure that we are complying with the above policy.

We will set suitable environmental objectives in line with the above policy, and shall monitor them through management review processes.

This Policy Statement shall be displayed in the office, issued to individuals as part of their induction and provided to sub-contractors and others on request.

I, as Director, shall review the effectiveness and adequacy of this policy on an annual basis and following any changes to company activity, legal changes or environmental incident.
